- Self-motivation

ABOUT MYSELF

With over 3 years of experience in Android development, I'm an organized and hardworking individual, driven by self-motivation. I thrive when collaborating with talented professionals and am always eager to acquire new skills.

My passion lies in developing innovative apps that enhance the quality of people's lives.

EXPERIENCE

Freelance | 02/2021 – present

Android developer

- Developed and published 2 Android apps on the Google Play Store, obtaining more than over 10K downloads.
- Revamped app interfaces, resulting in a increase in user engagement and a decrease in user drop-off rates.
- Refactored legacy Java code to new Android Kotlin Jetpack libraries.

A.R.E.A LLC | 04/2022 – 02/2023

Android developer

Worked on "Winin" game, Bidkom app:

- Developed features like radio, and user's friend for Winin.
- Implemented the login process using social media providers such as: Google, Facebook, and Twitter.
- Fixed bugs and technical issues.

Second step for software development | 07/2021 – 10/2021

Java developer Intern

Worked on "Bookshelf":

- Developed back-end APIs using Spring framework.
- Developed front-end for the library history and home pages.
- Managed database using MySql framework.
